RHINO-RACKS

This **Roof Rack System** is designed specifically for use with roofs that feature rails. Easy to install and remove this system allows you to quickly transform your vehicle back for daily use when you're done exploring. Comes with security hardware to protect against theft!

The **Steel Mesh Platform** has many tie-down points and is designed so you can fit extra accessories to your roof racks like; skis carriers, bike carriers, spare wheel carriers, spare tyre carrier, gas bottle holders and more!

ROOF RACK ACCESSORIES

The **wheel step** unfolds and hangs over your vehicle's wheel. The platform is wide enough to stand with both feet!

The **towbar step** unfolds and sits over your vehicle's towbar. Simply folds up when not needed!

The **Foxwing Awning** easily attaches to any roof rack cross bar (with the supplied fitting kits). Made from rip-stop polycotton canvas, the Foxwing Awning is UV protected, waterproof and mould resistant. All telescopic poles, ropes and pegs are included with their own travel bag for storage. Easy shade for many uses.

ALLOY FRONTAL PROTECTION

Manufactured from hi-tensile, structural grade alloy, this bar offers the best protection utilising the Big Tube™ Bullbar Bar bumper cut design. Australian made with a *lifetime warranty!
